

Younger International Students Accommodation Arrangements Policy

Source of Obligation

Standard 5.3.3 of the National Code requires the School to take responsibility under the Migration Regulations 1994 (Cth) for approving the accommodation, support and general welfare arrangements for an overseas student who is under 18 years of age.

The School must have and implement documented processes for verifying that the student's accommodation is appropriate for the student's age and needs:

- prior to the accommodation being approved; and
- at least every six months thereafter.

TIGS' Policy

It is the School's policy to assess younger international students' accommodation arrangements through:

- physical site visits
- student interviews.

Approval of Accommodation

A younger international student's accommodation must be approved by the School prior to the student residing at the accommodation.

The student's accommodation must be:

- suitable to reside in
- a safe, supportive and welcoming environment
- kept clean and tidy
- able to access a shared bathroom or private bathroom
- able to access a form of heating in the winter and a form of cooling in summer.

To ensure the above list is appropriately met, the School and UOW College Homestay complete a checklist to ensure that the accommodation meets the School's criteria for approval, for homestay accommodation to be approved as suitable accommodation for our younger international students to reside in.

It is the School's policy that to be eligible for a homestay arrangement, the international student must be entering Year 7 at the time of commencing the homestay accommodation.

All adults 18 years and over living in the homestay are required to apply for a Working with Children Check. Under 18 year old international students of the opposite sex will not be permitted to live in the same homestay.

The School conducts a site visit to inspect the premises where an international student is to reside prior to the student's placement, and at least every six months, to verify that it is appropriate for the international student's age and needs. This process also includes consultation with the student about their experience in the accommodation to date.

Homestay Requirements

For homestays to be approved by the School, the homestay must:

- sign a written agreement with the School
- have a safe, secure, private bedroom for the student's sole use that is appropriate to the age and needs of the student with suitable storage space for clothes, personal effects and study materials, and suitable facilities including a desk, a chair and adequate lighting for study purposes
- be clean and have appropriate furnishings suitable for a family and students
- include access to a shared or private bathroom, with reasonable time allowed for showers
- include access to kitchen, living areas, laundry facilities and shared areas of the home
- have some form of heating in winter, if required, and some means of cooling in summer
- provide students with any keys, alarms or passwords required to have free access to the homestay residence.

- provide the homestay provider with appropriate information regarding their responsibilities and emergency contact details for both the School and the parents of the student
- have processes to verify that the accommodation is appropriate to the student's age and needs prior to the placement, and at least every six months
- verify the suitability of the homestay accommodation through a site visit (unless the particular homestay has been verified by a site visit in relation to another student in the previous three months)
- conduct assessments of the homestay with access to all areas of the homestay premises for the purposes of checking compliance with the homestay standards required by the School

- provide a safe and welcoming homestay family environment that will encourage students to experience life as a member of the family and, where suitable, include students in family-related activities

This should include household protocols and safety rules about access and the use of shared areas or facilities such as swimming pools, internet, telephone, mealtimes, visitors and appropriate times to return home during the week and on weekends

- assist the student to access any necessary medical, dental, hospital or other health-related services, including making appointments and, where necessary, accompany the student to those appointments and if required advise the School of any medical issues.

Host Family to Notify the School and UOWCH

A host family must notify the School and UOWCH at least two weeks in advance, or as soon as practicable, of any change of circumstances, including:

- if the host family proposes to materially change the homestay residence in a way that will affect their ability to meet the homestay residence requirements
- if the host family is temporarily unable to provide accommodation or suitable supervision for periods of holidays or other periods
- if the host family intends to change address or contact details
- if the student fails to reside in their approved address at all times or intends to move.

If an International Student Turns 18

If an international student turns 18 while enrolled at the School, the School's Confirmation of Appropriate Accommodation and Welfare (CAAW) responsibility will cease.

Additionally, the requirements under Standard 5 of the National Code and this policy will no longer apply.

If an international student turns 18 while enrolled in their course, the School will apply a condition on their enrolment in the course, requiring the international student to continue to reside in the approved accommodation until the completion of the course. This will be made clear in a signed written agreement or individual enrolment contract signed by the parent/guardian.

Record Keeping

The School will maintain evidence of compliance with this policy by maintaining records of activities undertaken by the School in accordance with this policy, any written agreements entered into by the School and copies of all CAAW letters. Records will be maintained in accordance with our **International Students Records Management and Retention Policy**.
